Hosted Exchange password complexity requirements

Damian Jackson - 2023-02-06 - [Hosted Exchange](#)

Overview:

Micron21 requires complex passwords on accounts to protect user data and help prevent cyber breaches.

Requirements:

The password for your Hosted Exchange account <u>must</u> meet the following complexity requirements:

- Minimum password length: 8
- Must NOT contain the user's account name or parts of the user's full name that exceed two consecutive characters.
- Contain characters from three of the following four categories:
    - English uppercase characters (A through Z)
    - English lowercase characters (a through z)
    - Base 10 digits (0 through 9)
    - Non-alphabetic characters (for example, !, $, #, %)
