

How to access the console for a VM in vCloud

Vincent (Vinnie) Curle - 2025-01-17 - mCloud

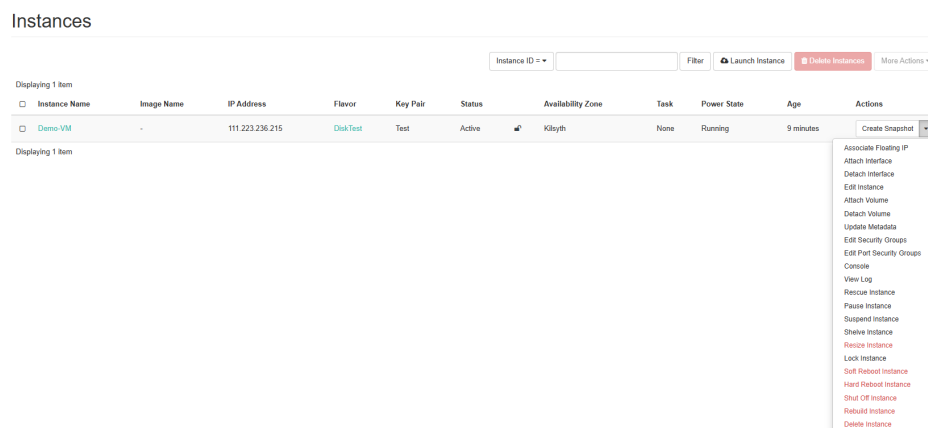

This article details the steps to access your VM console via the mCloud Dashboard method

1. Log into mCloud at <https://mcloud.micron21.com/>
2. Navigate to Project > Compute > Instances

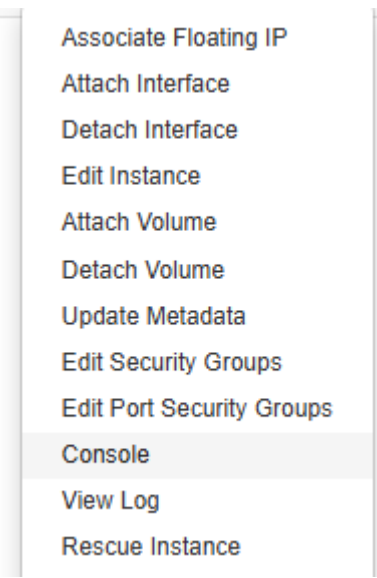

1.

3. Locate the Instance you'd like to access via console then select the drop-down menu on the right

1.

4. Select the 'Console' option from the list

1. 

5. This will take you to the console tab inside of the mCloud Dashboard and you'll have access to the VMs console

1.
