How to view usage quotas for a project in mCloud Vincent (Vinnie) Curle - 2025-01-17 - mCloud

This guide details the steps required to review your Project's Usage and Quota via the mCloud Dashboard.

Method

- 1. Log into mCloud here: https://mcloud.micron21.com
- 2. In the Projects Dropdown option at the top of the dashboard, select the project you'd like to review.

3. In the Navigation side panel navigate to Project > Compute and click on the Overview option.

4. In the Limit Summary section, you can view the overall usage and quota limits for the project, including Compute, Storage and Network.

Overview					
Limit Summary					
Compute					
Instances	VCPUs	RAM			
Used 0 of 100	Used 0 of 200	Used 0B of 62.5GB			
Volume					
Volumes	Volume Snapshots	Volume Storage			
Used 0 of 100	Used 0 of 100	Used 0B of 4.9TB			
Network					
Floating IPs	Security Groups	Security Group Rules	Networks	Ports	Routers

5. Scroll down the page further to the usage summary heading which displays the breakdown by instance and time.

	Usage Summary										
	Select a period of tim The date should be in YY	ne to quer YY-MM-DD fe	y its usage: armat.								
	2024-11-20		to 2024-11-2	1	Submit						
	Active Instances: 0 Active RAM: 0 This Period's CPU-Hours: 0 This Period's GB-Hours: 0 This Period's RAM-Hours: 0) 18 1.00 1.00									
	Usage										A Download CSV Summary
	Instance Name				VCPU	Js		Disk	RAM	Ag	e
0						No it	tems to display.
